

EXHIBIT C

PINE ISLAND POA, INC ARCHITECTURAL CONTROL COMMITTEE

Approved Exterior Colors

As of September 12, 2003

NOTES:

1. These colors are Sherwin Williams's colors that are shown on FAN #657-2846. A tabulation of colors from other manufacturers is being prepared and will be made available. In the meantime this list can be used to select colors from any paint manufacturer by matching the Sherwin Williams color with an identical color from that manufacturer.

2. All plans for painting and staining must be submitted to the Architectural Control Committee for review even if they are on this approved list. The Committee monitors the community and needs to know of all planned work.

			Iceberg	SW6798	115
			Glass Bead	SW6805	116

Architectural Control Committee Policy Regarding Exterior Colors

Sensitive, subtle color selections of paints, stains and oils for the exterior body of the home are the only acceptable finishes. Each home or other permitted structure on a home site must be painted or stained with a color approved by the committee. The Architectural Control Committee maintains a list of permitted colors, other colors may be proposed to the committee for addition to the list. Each house shall not use more than **four** harmonious exterior colors. For this purpose, white is considered to be a color and counts towards the total number of colors. Colors for all homes and other permitted structures, trim, railings, etc. shall be specified on this Architectural Review Form and submitted to the committee for review and, if satisfactory, approval. This form must be submitted when undertaking any paint project, even when using colors from the list of approved colors in order to assure compliance and communication. It must be submitted even when repainting/proposing the same, previously approved color(s), as colors may be added to or subtracted from the list from time to time.

Horizontally installed board lattice shall be finished in a color that matches the home's color. Criss-cross lattice shall be finished in a color matching either the color of the home, the color of the trim, or white. Deck handrails and pickets shall be finished in a color to match the home or the trim of the home.

OLD COLORS – Still Approved

<u>Color Name</u>	<u>Color #</u>	<u>Strip #</u>	<u>Color Name</u>	<u>Color #</u>	<u>Strip #</u>
